Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

APR 19 1999 P1:53

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS:

PLEASE do not take this lifeline
away from me simply because I need to
receive medications through the mail from another
state. The "standard" hormone therapy using
chemical substitutes left my life and health
in shambles. I was told I "needed" to be
on HRT, but it was making me miserable.
Using naturalized products compounded by
Madison Pharmacy in Wisconsin has made a
tremendous difference in the quality of my
life. PLEASE let them continue.
